### DISCUSSION:

<b>Calendar Discussion</b>	<b>25 minutes</b>	Shared a traditional and modified calendar with PCN members for feedback. PCN members liked the idea of extended breaks with the modified calendar and shortening the summer a bit. Discussed various pros and cons including working to figure out childcare. Also discussed timing, later calendar for a variety of reasons this year. The committee did not anticipate seeking feedback on a version that was different than typical calendar, but draft was reviewed and loved by faculty and staff for a variety of reasons, so the calendar committee felt it important to start the conversation. PCN members in attendance were also in favor.
<b>Assembly for Peace</b>	<b>10 minutes</b>	Discussed the simplicity of the ceremony. 		tragic events.
<b>Safety Update</b>	<b>10 minutes</b>	<p>Discussion over doorstops/barriers. Parent doing some research for us.</p> <p>K-3 fence replacement- new install, grading, etc. taking place over spring break, yay! Discussed feedback and observation over the small section of fence where three cars park near the building. Some parents really want to see that fenced in. Biggest concern raised recently after observing Fire Drill evacuations and attending safety meetings to discuss further is that we would be prohibiting our students from a fast evacuation as that area is so congested. Committee said they felt that makes a lot of sense and would be a good perspective to share.</p> <p>Eagle project for picket fence on the side of K-3 area will take place in April following K-3 fence install!</p>
<b>General Updates from members</b>	<b>20 minutes</b>	<p>Partnership is seeking new box tops chair!</p> <p>Sarah is going to continue summarizing minutes for us (thank you Sarah!) and Lori will include in newsletter.</p>
