	<i>Amy Pearce:</i> I'm asking the Board to please consider the official formation of the Safety Committee. We feel this would provide the most efficient means of communication between parents and administration regarding safety issues. We're specifically asking for the following changes – fencing play areas, front door lock system, and re-evaluated pickup system. Parents can help raise funds and shoulder some of the burden. We are looking for even a temporary committee.		
	<i>Tiffany Walker</i> : I want to make CFCI the safest it can be. I'm worried about the dismissal process, access to the front door, and the recent incident during 4 th grade recess. We want to know the plan is in place, it's being enforced, and that we're being informed. Since our last meeting, no changes have been made. This is a concern. <i>Sarah Raper</i> : I'm here to support the parents, and to agree with what has been proposed. We are looking for a voice and a chance to work in cooperation with the school, and to ensure we're being heard. We don't want this		
	to be an us vs them situation, we just want to		

	participate in the process. We'd like to open the communication more, and we can help to facilitate that, to be a support system, and be used as a resource. <i>Sandy Hibler:</i> I encourage you to vote 'yes' for a Safety Committee. I'm concerned with the surrounding areas, and would like the chance to make a change. I wish there wasn't so much of a push back on it, and we want to work cooperatively with the school. I want to stay here, but I need to know that my kids are safe.		
6:15	 <i>Partnership</i> Teacher stipends: we've asked them to give us their receipts, and the deadline was this past Friday. Teachers should get their checks soon along with the additional 7%. We're looking for parent volunteers for next year. 	Angela Carson	Information

Also looking for Board sponsors. 2017-18 Calendar (Vote). Big difference this year is that the children will be in school for Halloween because it falls in the middle of the week. 	• Joanne Brinkley – getting as many teachers as possible for the Responsive Classroom training.		
6:22	 <i>Technology Committee</i> We're in an exciting place because we have funds to spend this year along with some of our money from Great Art to give our kids more devices. The committee members spent a lot of time working with Loops, and it was decided to do a hybrid model (iPads for younger models, and Chromebooks for older students). Our goal is to put a device in every Middle Schoolers' hand. We'll start with 8th grade and work down to 7th, then 6th. We're going to take all iPads and push to lower grades. All laptops to the upper grades. So even if we don't have new devices than ever. 	Jennifer Paetzold/ Todd Fischer	Information
6:26	 Finance The state will no longer pay for teacher license renewals. We did research, and New Hanover isn't paying for them either. Finance would like to recommend that we absorb that cost for our teachers. Motion: Beth Carter Second: Lisa Buchanan Responsive Classroom was brought to finance to send one teacher from each loop level for training (except K/1). Finance recommends spending up to \$3400 to send these three teachers (2/3, 4/5, 6-8). Motion: Kristin Hudson Second: Ashley Cooksley We've had discussions around regular ground maintenance. 4.55 Mentor Training - Local school systems are responsible for providing training and support for mentor teachers. Systems may choose to use programs developed by the Department of Public Instruction, use other programs (e.g., Teacher Academy), or develop programs of their own. 4.60 Observations/Evaluation - In compliance with the Excellent Schools Act and subsequently GS 115C-333, each beginning teacher shall be observed at least three times annually by a qualified school administrator or a designee and at least once annually by a teacher, and shall be evaluated at least once annually by a qualified school administrator. Each observation must last for at least one continuous period of instructional time and must be followed by a post-conference. All persons who observe teachers must be appropriately trained. The required observations must be appropriately spaced throughout the school year. The Beginning Teacher Support Program Plan must specify the role of the beginning teacher's assigned mentor in the observations.

4.90 Conversion Process - Each May, through an automated process, the Licensure Section converts from initial (Standard Professional 1) to continuing (Standard Professional 2) the licenses of those teachers who are employed in LEAs and who may be eligible for conversion. The official designated by the LEA in its approved Beginning Teacher Support Program plan is responsible for approving the acceptance of the continuing license issued through this process. If a teacher has not taught three years, or if the designated official has knowledge of any reason related to conduct or character to deny the individual teacher a continuing license, then the automatic conversion license cannot be accepted. Forms indicating the denial of a continuing license must be returned to the Licensure Section immediately. When teachers employed in charter schools or non-public institutions with approved Beginning Teacher Support Programs, or teachers employed in LEAs and completing alternative routes to licensure (e.g., lateral entry, provisional licensure, etc.) successfully fulfill the Beginning Teacher Support Program requirements, the employer must submit a recommendation for a Standard Professional 2 license for it to be granted. A principal must rate a probationary teacher "as proficient" on all five NC Professional 2 license.

Developing	Proficient	Accomplished	Distinguished
Licensure conversion requirements are consulted when moving Beginning Teachers from SPI to SPII.	 and There is an official designated by the LEA/Charter who is named in the approved Beginning Teacher Support Program plan and who is responsible for approving the acceptance of the continuing license issued through this process. Forms indicating the denial of a continuing license are returned to the Licensure Section immediately. Upon completion of the BT program (including lateral entry requirements if applicable), there is a process in place for the LEA/Charter to submit the recommendation for the SPII license. 	and Communication is provided to beginning teachers who have been rated "Developing" on any of the five standards during the first three years. Additional support is provided to teachers who have been rated "Developing" on any of the five standards during the first three years.	and Communication is provided to all beginning teachers during the first three years in reference to each individual's licensure conversion status.

4.100 Due Process - Licensing is a state decision and cannot be appealed at the local level. Any teacher not recommended for conversion from an initial (Standard Professional 1) license to a continuing (Standard Professional 2) license may have that action reviewed by filing a contested case petition in accordance with Article 3 of Chapter 150B of the General Statutes. Except when the denial is based on reasons of conduct or character, as an alternative, the teacher may affiliate with an IHE with an approved teacher education program and complete a program of study as prescribed by the IHE to address identified deficiencies. After the prescribed program is successfully completed, the IHE must recommend the person for another initial (Standard Professional 1) license. The teacher is then required to complete another Beginning Teacher Support Program when employed. Local boards of education are responsible for explaining appeal rights to teachers not qualifying for continuing licensure when employed.

Developing	Proficient	Accomplished	Distinguished
LEA/Charter is aware of due process for a teacher who does not meet requirements for conversion from an SPI to an SPII license.	and LEA/Charter is aware that a plan explaining appeal rights to teachers not qualifying for continuing licensure must be in place in the event a teacher does not meet requirements for conversion from an SPI to an SPII license.	and LEA/Charter has a plan in place that assists the teacher in contacting the IHE in an effort to address deficiencies.	and LEA/Charter has a plan in place for collaboration with the IHE in assisting the beginning teacher in addressing deficiencies.

4.120 Beginning Teacher Support Program Plans - Each LEA must develop an annual plan and provide a comprehensive program for beginning teachers. This plan must meet the Beginning Teacher Support Program Standards. Plans must demonstrate that the Beginning Teacher Support Program is proficient on each standard and element. The Beginning Teacher Support Program is aligned to the standards and assessed according to the continuum.

This plan must be approved by the local board of education. Charter schools and non-public institutions that have a state-approved plan to administer the licensure renewal program shall submit a Beginning Teacher Support Program Plan to the SBE for approval. The plan must be on file for review at the LEA, charter school, or non-public institution. The plans must:

- (1) describe adequate provisions for efficient management of the program.
- (2) designate, at the local level, an official to verify eligibility of beginning teachers for a continuing license.
- (3) provide for a formal orientation for beginning teachers which includes a description of available services, training opportunities, the teacher evaluation process, and the process for achieving a continuing license.
- (4) address compliance with the optimum working conditions for beginning teachers identified by the SBE.
- (5) address compliance with the mentor selection, assignment, and training guidelines identified by the SBE.
- (6) provide for the involvement of the principal or the principal's designee in supporting the beginning teacher.
- (7) provide for a minimum of 4 observations per year in accordance GS 115C-333, using the instruments adopted by the SBE for such purposes. The plan must address the appropriate spacing of observations throughout the year, and specify a date by which the annual summative evaluation is to be completed.
- (8) provide for the preparation of a Professional Development Plan (PDP) by each beginning teacher in collaboration with the principal or the principal's designee, and the mentor teacher.
- (9) provide for a formal means of identifying and delivering services and technical assistance needed by beginning teachers.
- (10) provide for the maintenance of a cumulative beginning teacher file that contains the PDP and evaluation report(s).
- (11) provide for the timely transfer of the cumulative beginning teacher file to successive employing LEAs, charter schools, or non-public institutions within the state upon the authorization of the beginning teacher.
- (12) describe a plan for the systematic evaluation of the Beginning Teacher Support Program to assure program quality, effectiveness, and efficient management.
- (13) document that the local board of education has adopted the LEA plan, or that the charter school or non-public institution plan has been approved by the SBE.

The LEA/Charter has worked towards development of a BTSP Plan.	and The LEA/Charter has submitted a complete and approved BTSP Plan to the Regional Education Facilitator.	and The LEA/Charter uses the BTSP Plan to drive decision making in reference to Beginning Teacher support. LEA/Charter revises the BTSP Plan as needed after submission and approval.	and The LEA/Charter collaborates with IHEs and LEA peers to continually revise the BTSP Plan to meet changing needs.

4.130 Beginning Teacher Support Program Annual Reports Annual Peer Review and Process and Five Year Formal Review Reports

Each LEA, charter school, or non-public institution with an approved Beginning Teacher Support Program plan must submit an annual report on its Beginning Teacher Support Program to the Department of Public Instruction by October 1 that includes evidence of demonstrated proficiency on the Beginning Teacher Support Program Standards and of mentor success in meeting Mentor Standards. The format of the report follows.

Every fifth year the Department of Public Instruction will formally review Beginning Teacher Support Programs to review evidence and verify that program proficiency is demonstrated on all Beginning Teacher Support Program Standards. The monitoring team should report any standards and key elements where programs are not deemed at least proficient to the Department of Public Instruction. Programs that are rated developing on the standards continuum should be put on an improvement plan and reviewed more frequently to ensure that all beginning teachers are supported.

In order to assist LEAs in progressing along the Beginning Teacher Support Program continuum to provide the highest quality support to beginning teachers, LEAs will participate in implementing a regionally-based annual peer review and support system

Commendations:

Cape Fear Center for Inquiry is to be commended for continually gathering data in an effort to improve beginning teacher support at the school. Beginning teachers are asked what they need in a variety of ways, and support is provided in a timely manner, including assistance with teaching specific standards. Cape Fear Center for Inquiry is also to be commended for establishing processes that ensure beginning teacher growth. Record keeping practices are optimal (BT/Mentor Meeting Sheets, Communication Logs, etc.) and provide for regular and substantial contact between mentors and beginning teachers at the school.

and		N/A : hereinafter referred to as the Governmental Unit(s), agree as follows						

(Discretely Presented Component Unit)

- 1. The Auditor shall audit all statements and disclosures required by generally accepted accounting principles (GAAP) and additional required legal statements and disclosures of all funds and/or divisions of the Governmental Unit (s) for the period beginning ______July 1 _____, 2016 ______, and ending _______June 30 ______, 2017 _____. The non-major combining, and individual fund statements and schedules shall be subjected to the auditing procedures applied in the audit of the basic financial statements and an opinion will be rendered in relation to (as applicable) the governmental activities, the business-type activities, the aggregate DPCUs, each major governmental and enterprise fund, and the aggregate remaining fund information (non-major government and enterprise funds, the internal service fund type, and the fiduciary fund types).
- 2. At a minimum, the Auditor shall conduct his/her audit and render his/her report in accordance with generally accepted auditing standards. The Auditor shall perform the audit in accordance with *Government Auditing Standards* if required by the State Single Audit Implementation Act, as codified in G.S. 159-34. If required by OMB *Uniform Administration Requirements, Cost Principles, and Audit Requirements for Federal Awards,* (Uniform Guidance) and the State Single Audit Implementation Act, the Auditor shall perform a Single Audit. This audit and all associated audit documentation may be subject to review by Federal and State agencies in accordance with Federal and State laws, including the staffs of the Office of State Auditor (OSA) and the Local Government Commission (LGC). If the audit and auditor communication are found in this review to be substandard, the results of the review may be forwarded to the North Carolina State Board of CPA Examiners (NC CPA Board).

County and Multi-County Health Departments: The Office of State Auditor will designate certain programs that have eligibility requirements to be considered major programs in accordance with OMB Uniform Guidance for the State of North Carolina. The LGC will notify the auditor and the County and Multi-Health Department of these programs. A County or a Multi-County Health Department may be selected to audit any of these programs as major.

- 3. If an entity is determined to be a component of another government as defined by the group audit standards the entity's auditor will make a good faith effort to comply in a timely manner with the requests of the group auditor in accordance with AU-6 §600.41 §600.42.
- 4. This contract contemplates an unqualified opinion being rendered. The audit shall include such tests of the accounting records and such other auditing procedures as are considered by the Auditor to be necessary in the circumstances. Any limitations or restrictions in scope which would lead to a qualification should be fully explained in an attachment to this contract.
- 5. If this audit engagement is subject to the standards for audit as defined in *Government Auditing Standards*, 2011 revisions, issued by the Comptroller General of the United States, then by accepting this engagement, the Auditor warrants that he has met the requirements for a peer review and continuing education as specified in *Government*

Auditing Standards. The Auditor agrees to provide a copy of their most recent peer review report regardless of the date of the prior peer review report to the Governmental Unit and the Secretary of the LGC prior to the execution of the audit contract (See Item 22). If the audit firm received a peer review rating other than pass, the Auditor shall not contract with the Governmental Unit without first contacting the Secretary of the LGC for a peer review analysis that may result in additional contractual requirements.

If the audit engagement is not subject to Government Accounting Standards or if financial statements are not prepared in accordance with GAAP and fail to include all disclosures required by GAAP, the Auditor shall provide an explanation as to why in an attachment.

- 6. It is agreed that time is of the essence in this contract. All audits are to be performed and the report of audit submitted to the State and Local Government Finance Division (SLGFD) within four months of fiscal year end. Audit report is due on: ______October 31 ______, ___2017 ____. If it becomes necessary to amend this due date or the audit fee, an amended contract along with a written explanation of the delay must be submitted to the secretary of the LGC for approval.
- 7. It is agreed that generally accepted auditing standards include a review of the Governmental Unit's systems of internal control and accounting as same relate to accountability of funds and adherence to budget and law requirements applicable thereto; that the Auditor will make a written report, which may or may not be a part of the written report of audit, to the Governing Board setting forth his findings, together with his recommendations for improvement. That written report must include all matters defined as "significant deficiencies and material weaknesses" in AU-C 265 of the AICPA Professional Standards (Clarified). The Auditor shall file a copy of that report with the Secretary of the LGC.
- 8. All local government and public authority contracts for audit or audit-related work require the approval of the Secretary of the LGC. This includes annual or special audits, agreed upon procedures related to internal controls, bookkeeping or other assistance necessary to prepare the Governmental Unit's records for audit, financial statement preparation, any finance-related investigations, or any other audit-related work in the State of North Carolina. Invoices for services rendered under these contracts shall not be paid by the Governmental Unit until the invoice has been approved by the Secretary of the LGC. (This also includes any progress billings.) [G.S. 159-34 and 115C-447] All invoices for Audit work must be submitted by email in PDF format to the Secretary of the LGC for approval. The invoices must be sent via upload through the current portal address: http://nctreasurer.slgfd.leapfile.net Subject line should read "Invoice [Unit Name]. The PDF invoice marked 'approved' with approval date will be returned by email to the Auditor to present to the Governmental Unit for payment. Approval is not required on contracts and invoices for system improvements and similar services of a non-auditing nature.
- 9. In consideration of the satisfactory performance of the provisions of this contract, the Primary Governmental Unit shall pay to the Auditor, upon approval by the Secretary of the LGC, the fee, which includes any cost the Auditor may incur from work paper or peer reviews or any other quality assurance program required by third parties (Federal and State grantor and oversight agencies or other organizations) as required under the Federal and State Single Audit Acts. (Note: Fees listed on signature pages.)
- 10. If the Governmental Unit has outstanding revenue bonds, the Auditor shall include documentation either in the notes to the audited financial statements or as a separate report submitted to the SLGFD along with the audit report, a calculation demonstrating compliance with the revenue bond rate covenant. Additionally, the Auditor should be aware that any other bond compliance statements or additional reports required in the authorizing bond documents need to be submitted to the SLGFD simultaneously with the Governmental Unit's audited financial statements unless otherwise specified in the bond documents.

This report shall include, but not be limited to, the following information: (a) Management's Discussion and Analysis, (b) the financial statements and notes of the Governmental Unit and all of its component units prepared in accordance with GAAP, (c) supplementary information requested by the client or required for full disclosure under the law, and (d) the Auditor's opinion on the material presented. The Auditor shall furnish the required number of copies of the report of audit to the Governing Board as soon as practical after the close of the accounting period.

The pre-issuance review must be performed **prior** to the completed audit being submitted to the LGC. The pre-issuance report must accompany the audit report upon submission to the LGC.
- 13. The Auditor shall electronically submit the report of audit to the LGC as a text-based PDF file when (or prior to) submitting the invoice for services rendered. The report of audit, as filed with the Secretary of the LGC, becomes a matter of public record for inspection, review and copy in the offices of the SLGFD by any interested parties. Any subsequent revisions to these reports must be sent to the Secretary of the LGC. These audited financial statements, excluding the Auditors' opinion, may be used in the preparation of official statements for debt offerings, by municipal bond rating services to fulfill secondary market disclosure requirements of the Securities and Exchange Commission and other lawful purposes of the Governmental Unit without subsequent consent of the Auditor. If it is determined by the LGC that corrections need to be made to the Governmental Unit's financial statements, they should be provided within three days of notification unless another time frame is agreed to by the LGC.

If the OSA designates certain programs to be audited as major programs, as discussed in item #2, a turnaround document and a representation letter addressed to the OSA shall be submitted to the LGC.

The LGC's process for submitting contracts, audit reports and invoices is subject to change. Auditors should use the submission process in effect at the time of submission. The most current instructions will be found on our website: https://www.nctreasurer.com/slg/Pages/Audit-Forms-and-Resources.aspx

- 14. Should circumstances disclosed by the audit call for a more detailed investigation by the Auditor than necessary under ordinary circumstances, the Auditor shall inform the Governing Board in writing of the need for such additional investigation and the additional compensation required therefore. Upon approval by the Secretary of the LGC, this contract may be varied or changed to include the increased time and/or compensation as may be agreed upon by the Governing Board and the Auditor

To the Board of Directors Cape Fear Center for Inquiry Wilmington, North Carolina

We are pleased to confirm our understanding of the services we are to provide Cape Fear Center for Inquiry (the "School") for the year ended June 30, 2017. We will audit the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information, including the related notes to the financial statements, which collectively comprise the basic financial statements, of the School as of and for the year ended June 30, 2017. Accounting standards generally accepted in the United States of America provide for certain required supplementary information (RSI), such as management's discussion and analysis (MD&A), to supplement the School's basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. As part of our engagement, we will apply certain limited procedures to the School's RSI in accordance with auditing standards generally accepted in the United States of America. These limited procedures will consist of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We will not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance. The following RSI is required by generally accepted accounting principles and will be subjected to certain limited procedures, but will not be audited:

1) Management's Discussion and Analysis

We have also been engaged to report on supplementary information other than RSI that accompanies the School's financial statements. We will subject the following supplementary information to the auditing procedures applied in our audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America, and we will provide an opinion on it in relation to the financial statements as a whole, in a report combined with our auditor's report on the financial statements:

- 1) Schedule of expenditures of federal and State awards
- 2) Schedule of Revenues, Expenditures, and Changes in Fund Balance Budget and Actual
- 3) Schedules of School Contributions and School's Proportionate Share of the Net Pension Liability

212 West Center Street P.O. Box 1991 Lexington, NC 27293 Phone: 336-248-8281 Fax: 336-248-2335

Audit Objectives

The objective of our audit is the expression of opinions as to whether your financial statements are fairly presented, in all material respects, in conformity with U.S. generally accepted accounting principles and to report on the fairness of the supplementary information referred to in the second paragraph when considered in relation to the financial statements as a whole. Our audit will be conducted in accordance with auditing standards generally accepted in the United States of America and the standards for financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and will include tests of the accounting records of The School and other procedures we consider necessary to enable us to express such opinions. We will issue a written report upon completion of our audit of The School's financial statements. Our report will be addressed to Board of Commissioners of the School. We cannot provide assurance that unmodified opinions will be expressed. Circumstances may arise in which it is necessary for us to modify our opinions or add emphasis-of-matter or other-matter paragraphs. If our opinions are other than unmodified, we will discuss the reasons with you in advance. If, for any reason, we are unable to complete the audit or are unable to form or have not formed opinions, we may decline to express opinions or issue reports, or may withdraw from this engagement.

We will also provide a report (that does not include an opinion) on internal control related to the financial statements and compliance with the provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a material effect on the financial statements as required by *Government Auditing Standards*. The report on internal control and on compliance and other matters will include a paragraph that states (1) that the purpose of the report is solely to describe the scope of testing of internal control and compliance, and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control on compliance, and (2) that the report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. The paragraph will also state that the report is not suitable for any other purpose. If during our audit we become aware that the School is subject to an audit requirement that is not encompassed in the terms of this engagement, we will communicate to management and those charged with governance that an audit in accordance with U.S. generally accepted auditing standards and the standards for financial audits contained in *Government Auditing Standards* may not satisfy the relevant legal, regulatory, or contractual requirements.

Audit Procedures—General

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; therefore, our audit will involve judgment about the number of transactions to be examined and the areas to be tested. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We will plan and perform the audit to obtain reasonable rather than absolute assurance about whether the financial statements are free of material misstatement, whether from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or governmental regulations that are attributable to the government or to acts by management or employees acting on behalf of the government. Because the determination of abuse is subjective, *Government Auditing Standards* do not expect auditors to provide reasonable assurance of detecting abuse.

Because of the inherent limitations of an audit, combined with the inherent limitations of internal control, and because we will not perform a detailed examination of all transactions, there is a risk that material misstatements or noncompliance may exist and not be detected by us, even though the audit is properly planned and performed in accordance with U.S. generally accepted auditing standards and *Government Auditing Standards*. In addition, an audit is not designed to detect immaterial misstatements or violations of laws or governmental regulations that do not have a direct and material effect on the financial statements or major programs. However, we will inform the appropriate level of management of any material errors, any fraudulent financial reporting, or misappropriation of assets that come to our attention. We will also inform the appropriate level of management of any material abuse that comes to our attention. We will include such matters in the reports required for a Single Audit. Our responsibility as auditors is limited to the period covered by our audit and does not extend to any later periods for which we are not engaged as auditors.

Our procedures will include tests of documentary evidence supporting the transactions recorded in the accounts, and may include tests of the physical existence of inventories, and direct confirmation of receivables and certain other assets and liabilities by correspondence with selected individuals, funding sources, creditors, and financial institutions. We will request written representations from your attorneys as part of the engagement, and they may bill you for responding to this inquiry. At the conclusion of our audit, we will require certain written representations from you about your responsibilities for the financial statements; schedule of expenditures of federal awards; federal award programs; compliance with laws, regulations, contracts, and grant agreements; and other responsibilities required by generally accepted auditing standards.

Audit Procedures—Internal Control

Our audit will include obtaining an understanding of the government and its environment, including internal control, sufficient to assess the risks of material misstatement of the financial statements and to design the nature, timing, and extent of further audit procedures. Tests of controls may be performed to test the effectiveness of certain controls that we consider relevant to preventing and detecting errors and fraud that are material to the financial statements and to preventing and detecting from illegal acts and other noncompliance matters that have a direct and material effect on the financial statements. Our tests, if performed, will be less in scope than would be necessary to render an opinion on internal control and, accordingly, no opinion will be expressed in our report on internal control issued pursuant to *Government Auditing Standards*.

An audit is not designed to provide assurance on internal control or to identify significant deficiencies or material weaknesses. However, during the audit, we will communicate to management and those charged with governance internal control related matters that are required to be communicated under AICPA professional standards and *Government Auditing Standards*.

Audit Procedures—Compliance

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we will perform tests of The School's compliance with provisions of applicable laws, regulations, contracts, and agreements, including grant agreements. However, the objective of those procedures will not be to provide an opinion on overall compliance and we will not express such an opinion in our report on compliance issued pursuant to *Government Auditing Standards*.

Other Services

We will also assist in preparing the financial statements and related notes of the School in conformity with U.S. generally accepted accounting principles based on information provided by you. These nonaudit services do not constitute an audit under *Government Auditing Standards* and such services will not be conducted in accordance with *Government Auditing Standards*. We will perform the services in accordance with applicable professional standards. The other services are limited to the financial statement services previously defined. We, in our sole professional judgment, reserve the right to refuse to perform any procedure or take any action that could be construed as assuming management responsibilities.

Management Responsibilities

Management is responsible for (1) establishing and maintaining effective internal controls, including internal controls over compliance, and for evaluating and monitoring ongoing activities, to help ensure that appropriate goals and objectives are met; (2) following laws and regulations; (3) ensuring that there is reasonable assurance that government programs are administered in compliance with compliance requirements; and (4) ensuring that management and financial information is reliable and properly reported. Management is also responsible for implementing systems designed to achieve compliance with applicable laws, regulations, contracts, and grant agreements. Your responsibilities also include identifying significant vendor relationships in which the vendor has responsibility for program compliance and for the accuracy and completeness of that information. Your responsibilities include adjusting the financial statements to correct material misstatements and confirming to us in the management representation letter that the effects of any uncorrected misstatements aggregated by us during the current engagement and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the financial statements taken as a whole.

In addition, you are responsible for identifying and ensuring that the government complies with applicable laws, regulations, contracts, agreements, and grants. Management is also responsible for taking timely and appropriate steps to remedy fraud and noncompliance with provisions of laws, regulations, contracts, and grant agreements, or abuse that we report.

This responsibility includes relaying to us corrective actions taken to address significant findings and recommendations resulting from those audits, attestation engagements, performance audits, or studies. You are also responsible for providing management's views on our current findings, conclusions, and recommendations, as well as your planned corrective actions, for the report, and for the timing and format for providing that information.

You agree to assume all management responsibilities relating to the financial statements, schedule of expenditures of federal awards, related notes, and any other nonaudit services we provide. You will be required to acknowledge in the management representation letter our assistance with preparation of the financial statements, schedule of expenditures of federal awards, and related notes and that you have reviewed and approved the financial statements, schedule of expenditures of federal awards, and related notes prior to their issuance and have accepted responsibility for them. Further, you agree to oversee the nonaudit services by designating an individual, preferably from senior management, with suitable skill, knowledge, or experience; evaluate the adequacy and results of those services; and accept responsibility for them.

You may request that we perform additional services not addressed in this engagement letter. If this occurs, we will communicate with you regarding the scope of the additional services and the estimated fees. We also may issue a separate engagement letter covering the additional services.
